

TDK-Lambda

Points clés produit

- Approbations Médical IEC/EN60601-1 Ed.3, IEC/EN60601-1-2 Ed.4
- Isolation entrée/sortie 4kV AC, 2xMoPP
- Options Sécurité Classe I ou II
- EU CoC Tier 2, DoE conforme au niveau VI

Specifications essentielles

- 300W avec large plage d'entrée 90 - 264VAC
- Courant de contact <100µA
- Modèles 12, 19, 24, 28, 48 et 54V DC
- Altitude de fonctionnement 5000M

Applications typiques

- Hôpitaux, Dentaire, Equipements de soin Clinique
- Monitoring
- Imagerie
- Applications de diagnostic

Product Highlights

- Medical approval IEC/EN 60601-1 (3rd Edition) & IEC/EN60601-1-2 (4th Edition)
- Input - Output Isolation 4kV AC, 2xMopp
- Safety Class I and Class II options
- EU CoC Tier 2, DoE level VI compliant

Key Specifications

- 300W with 90 - 264 VAC wide input voltage
- Touch current <100µA
- 12, 19, 24, 28, 48 and 54 V DC
- Operating altitude 5000m

Typical Applications

- Hospital, Dental, Clinical and Healthcare Equipment
- Monitoring
- Imaging
- Diagnostic applications
